COVERS RICHEST GOLD AREA IN CALIFORNIA

Vol. IX, No. 104. The County Seat Paper NEVADA CITY, CALIFORNIA The GOLD Center FRIDAY, NOVEMBER 8, 1935.

The Nevada City Nugget helps your city and county to grow in population and prosperity. By subscribing to, and advertising in the Nugget, therefore, you help yourself.

Thinking Out Loud

(By H. M. L.)

There is always a fly in the ointment. Florida, which attempts at various times to attract the millionaires that gravitate to California, makes open bids for the Hollywood industry, and advertises its climate as vociferously as does Southern California, is visited by another hurricane. These hurricanes apparently come with the same irregularity as earthquakes and with much more frequency. While in every half century some California city must rebuild because of an earthquake, a hurricane rakes Florida every few months. The poor little millionaire, seeking a serene and balmy climate in which to prolong his life, must choose between the raging wind and the quaking earth. Every time man proclaims a paradise on earth, dame nature steps in and denies it.

State Secretary of the Treasury "Gus" Johnson, has scored against Sacramento county's district attorney. The Attorney General's office has ruled that Johnson acted within his rights in depositing money of the Veterans Welfare Board in banks without security. The opinion holds that Johnson merely acted as an agent in following the instructions of the board. The thing Johnson will have to explain to grand jurors now and to the electors later on, is why he kept Shearer on the state payroll, after, not one, but two defalcations had been traced to Shearer. He will answer: "Friendship" but the electors will say that the state comes first. But so far as dishonesty is concerned, District Attorney Babcock thus far has failed to pin anything on Johnson.

There is a good road from Downieville to Reno, over the Yuba pass which the State Highway service keeps open during the winter months, and which the people of Sierra county use to do their trading in Reno. Nevada City should be the market place for Sierra county residents, but they must travel over the Mae West road, the "road of a thousand curves," and a great many people refuse to take the chances involved or endure the sea-sickness that travel on this road entails. Marysville is constantly yammering to have many millions spent in cutting a highway through by way of Bullard's Bar to the Downieville highway, in order to attract the Sierra county trade.

It is high time that promotional organizations of Nevada County united to make a determined drive to improve the road from Nevada City to Downieville. Once we have a good road through, a beautiful scenic loop will be formed. including Nevada City, Downieville, Reno, Lake Tahoe, and Nevada City, which thousands of motor trippers would enjoy through the spring, summer and fall. This, quite aside from the fact that Nevada City would resume its place as the trading center for all the communities in southern Sierra county.

NEVADA CITY TO CLOSE SHOP ON ARMISTICE DAY

Practically all stores and business offices will be closed Monday in Nevada City in observance of Armistice Day. Exercises will be held today in the schools of this city commemorating the closing event of the World war.

The American Legion is giving a big Armistice ball in Memorial hall in Gross Valley tomorrow night. Merchants have been asked to decorate store fronts and municipalities to display street flags.

On Armistice day a parade will be held in Grass Valley in which patriotic and civic organizations and the school children and their bands will participate. Ed Burtner, Henry Spiess and Maurice Kach constitute the committee in charge of arrangements.

The program for Saturday and Monday follow:

SATURDAY, NOVEMBER 9

6:30 p. m. American Legion Auxiliary dinner, Knotty Poppy.

9:00 p. m. Armistics Ball, Veterans Memorial Building.

MONDAY, NOVEMBER 11

10:00 a. m. Armistice Day parade.

11:0 a. m. Armistice Day exercises, Judge Tuttle, speaker.

2:30 p. m. Grass Valley vs. Grant Union football game.

6:30 p. m. American Legion dinner, Veterans Memorial Building.

Approved Projects For Nevada City WPA Work Total $66,000

For sidewalks in Nevada City $25,000, for streets $20,000, for Pioneers Park $9,000, for a new pipe line from Shurtliff's to Long street $5,000, and for the high school grounds $7,000. The grand total is $66,000 for Nevada City improvements during the year, provided of course that a sufficient number of relief workers enroll for these WPA projects.

Some of the benefits flowing from these improvements follow. New sidewalks will enable the city to obtain free mail delivery to the doors of residences and business houses. Paved streets will make driving easier and safer. Better water service facilities will reduce the fire hazard. Money spent on the park will increase the recreation facilities not only for Nevada City residents but for the hundreds of tourists who visit this city.

And the expenditure of $66,000 will help many a man to get on his feet again, and it is expected, to become self supporting.

The projects listed above have all been approved by the WPA authorities and according to word received yesterday a start will be made on them as soon as sufficient workers are enrolled.

The Nevada City high school now has one of the best athletic fields in the state. By means of terraces on the south side and excavation on the north side the field below the high school is now as level as a floor.
and offers a splendid field for football and all outdoor sports.

Tentative plans for the park include the completion of the driveway from Park to Nimrod street, the construction of a recreation field, tennis courts and planting in areas adjacent to the swimming pool, and along the driveway and around the community house. One of the most necessary and immediate needs in the park is an adequate water system and piping so that the park may be kept green through the summer.

GOVERNOR WILL PLUG LEAKS IN STATE TREASURY

SACRAMENTO, Nov. 7.—A survey to "plug small leaks" in all departments of state government is being conducted under the direction of Governor Frank F. Merriam who has cancelled most of his November engagements out of the State Capitol in order to personally direct these activities toward cutting state expenses.

While the cost of government under Frank F. Merriam is lower than in previous administrations, yet, Governor Merriam believes that the plugging small leaks will in the aggregate save the state large sums.

In conducting the investigation, Goverhor Merriam points out the people must not jump to the conclusion that the large majority of state employees are not conscientious and economical. The worst offenses thus far found to exist in the stat service are such as receive but minor penalties in private business.

HIGH BUSINESS PLANE

However, Governor Merriam has determined that state business shall be conducted on a higher, not lower, plane than private business.

Governor Merriam and his department heads are looking for padded expense accounts, misuse of the state automobiles, "buying cheaper through the state," loans to state employees from official "revolving" or petit cash funds, and such irregular methods, some of which are believed to have been in practice for ten years interrupted.

"I do not care whom these charges hit, because I want the men whom I have appointed to lead all the others in strict adherence to the best principles of economy," Governor Merriam told department heads.

JOY RIDERS TABOO

State officials and employees who operate state owned automobiles and use airplanes for pleasure trips at state expense are due for a severe jolt.

Governor Merriam announced today that some months ago he instructed A. E. Stockburger, Director of Finance, to conduct an investigation concerning this practice which costs the taxpayers huge sums of money each year. During the past few years the number of state owned automobiles has been constantly increasing.

The finance head so far has unearthed some startling disclosures. It was given out that at a recent major college football game in the East-Bay region some 167 cars sporting exempt license plates were parked at the stadium. Wives of state employees have actually used state cars for shopping tours and theatre trips.

Information given out at the Capitol indicates that joy-riding in state cors costs the taxpayers several hundred thousand dollars each year. It is in an effort to stamp out this useless waste that Governor Merriam instructed Mr. Stockburger to conduct the survey.

TRAFFIC OFFICERS TO AID

The California Highway Patrol has been notified to cooperate with the Department of Finance in correcting this abuse.

The governor let it be known that he will hereafter put a stop to unnecessary airplane travel by officials and employees at state expense. New regulations and rules respecting such travel are being formulated and will soon be announced.

Mr. Stockburger stated that each month approximately 100 new au-

(Continued on Page Eight)

THIRTY YEARS IS AVERAGE AGE OF PRISON INMATES

BERKELEY, Nov. 7.—Contrary to the general belief that most penitentriary inmates are mere beardless youths, the Bureau of Public Administration of the University of California has discovered that in the past twenty years there has been little change. In the average age of those committed to California's two state prisons. This average has remained close to thirty years for the past two decades. In fact there has been a fractional increase in the last five years.

As a sort of left-handed compliment to California's many attractions for the outsider, it was found at the last count made by the Bureau that approximately 60 per cent of the prisoners incarcerated were born in other states. Twenty-three per cent of the prison population was found to be foreign born. In fact, only 15 per cent or thereabouts are privileged to write "born in California" after their names.

In the two decades covered by the Bureau's report, 50,655 prisoners were incarcerated in San Quentin and Folsom, and 41,337 were checked off as "released" in the prison records. Of these releases however, 672 escaped and 207 were executed for murder.

The prison population has not always increased steadily; in fact it has declined at times. The most notable drop was between the years 1916 and 1920, when the figure fell from 3,753 to 2,911. Thereafter, however, there was a sharp increase, the number finally mounting to more than nine thousand.

Indicating that the average house holder takes better care of his belongings than he did two decades ago the number of commitments for burglary has dropped considerably in proportion to the total prison population. But the robbery commitments increased from 10 and a fraction per cent in the same period. The murder ratio decreased slightly, starting at 4.8 per cent and ending at 4.1 per cent.

The study was made by Ronald H. Beattie, research associate in the Bureau, as a part of the research program of the Bureau.

P. G. & E. APPLIES FOR RENEWAL OF CITY FRANCHISE

The city council last evening arranged for surveys to be made by City Engineer Ed. Uren to define boundaries of property purchased by the city.

The Pacific Gas & Electric company applied for a renewal of gas and electric franchises within the city and legal aspects of the matter were assigned to City Attorney W. E. Wright for consideration and adjustment.

The city council received the following financial report:

TWENTY ONE POTENTIAL POWER CONSUMERS

The P. G. & E. power line which will go to Rough and Ready will have a 3000 foot extension to the Barker Tract about one half mile west of Grass Valley where there are 21 new families located. The extension will be 3000 feet. Poles will be placed about 200 feet apart.

Mr. and Mrs. Will C. Perry moved from the Pontiscelli apartments on Boulder street to their new five room home on upper Boulder street last Saturday. Mr. and Mrs. Perry and family came from Utah about five years ago.

CCC Boys Build 83 Miles Of Phone Lines, And 40 Of Highways

W. P. Lee of the Forest service yesterday summarized for the Nevada City Nugget the work accomplished in the Tahoe Forest area by the CCC boys, for the fourth and fifth periods ending September 30. An average of about 250 boys were employed throughout the two periods.

He stated that the boys built 83 miles of telephone lines, forty miles of roads, seven bridges, and had assisted in other important constructive work.

The telephone lines include the following: Bloomfield to Nevada City, Forest Hill to Nevada City, Forest Hill to the Baker ranch, Banner Mountain to Nevada City, Big Bend to Carpenter Flat and Carpenter Flat to Big Valley Bluff.

Among the miscellaneous building in which the boys greatly assisted, were the ranger station plant at Camptonville, consisting of the ranger's residence, the guard's home, the office building, a large warehouse, fire crew barracks, and garage and woodshed, besides many improvements to the grounds.

They also aided in the construction of the Forest Hill Ranger Station plant, consisting of residences for the guard and ranger, office, the warehouse and grounds improvements. They helped build the Mosquito Ridge Lookout Station, a guard's house, and a sixty foot steel tower.

Beside building 40 miles of road they cleared 10 miles of roadsides and assisted in repairs and maintenance.

Bridges built consist of the following, North Fork of the American river, Dog Bar bridge, Middle Fork of the American, "S" Creek bridge, Shirttail Canyon bridge, Texas Canyon bridge.

Besides all these activities, the CCC boys helped in the headquarters warehouses and shops in Nevada City.

Upon these labors the CCC boys spent 3437 man days as compared with 5893 man days of the previous season.

STATE RANGER REPORTS SMALL DAMAGE BY FIRE

The past summer has been one of the most successful fire seasons in several years for State Ranger William F. Sharp and Assistant George Howe of Nevada City.

Mr. Sharp gives the following report on fires and damages for his district for the past season. He stated there were 80 fires that burned over a total of 2,475 acres. In the report it was found there were 146½ acres of timber burned, with a damage of $127; 209 acres of grass land and 3119 acres of brush, with a loss of $1534.75. Several buildings were burned with a damage and loss of $8,264; hay and grain in barns, $70. The total loss by fire was $9,995.75.

Fire losses were a great deal less this year than last. One fire last summer burned over 40,000 acres; 52,000 acres were burned over during the season. This was a season for heavy grass growth. Mr. Sharp stated the new fire truck and pumper and a good fire crew, this year were a great asset in preventing fires from spreading. He also found greater humidity in the air this season, often fires went out at night from the moisture in the air.

ROTARIANS TO HOLD CHARTER PRESENTATION CELEBRATION NOV. 19

The Nevada City Rotary Club met Thursday noon at the National Hotel with President Oscar Odegaard presiding.

The program chairman for the day was Francis Finnegan who introduced Hanlon Kerrigan of Marysville, administrator of this district for the State Board of Equalization. Mr. Kerrigan has direct charge of the sales tax and liquor control matters in this district, and gave a very interesting and instructive talk concerning these matters.

A large group of Rotarians from Grass Valley attended the meeting.

Announcement was made of Charter Presentation Night to be held on Tuesday, November 19 in Nevada City at the Elks Lodge room.

SIDESWIPER ARRAIGNED

In Justice of the Peace Mobley's court Tuesday, Bert Jackson, local miner, plead not guilty to a hit-and-run drunk driving charge and was released on his own recognizance to appear for trial. He was represented by Attorney Harry McKee.

Jackson was taken into custody at the Murchie mine on Monday by State Highway Patrol officers. He was accused of sideswiping the automobile of LawrenceWoods, Union Oil Co. employee of Grass Valley last Saturday night: Jackson admitted sideswiping the car but denied that he was under the influence of liquor.

JURY DISAGREES IN MARTENS VS. MERRIAM SUIT

The jury before which the damage suit of R. J. Martens versus Clifford Merriam was tried Wednesday and yesterday, last night shortly after 10 o'clock reported that they could not agree and announced that the jury stood 6 to 6. Judge Tuttle stated that within a few days he would set the date for a new trial.

M. Mitchell Bourquin of San Francisco represented the plaintiff in the action, and Gerald M. Desmond of Sacramento, the defendant.

The suit resulted from an automobile accident in July, 1934, in which Martens suffered a broken arm. Riding with Merriam to Sacramento, the right door of Merriam's car flew open and Martens fell out in the road, breaking his arm near the wrist so that one of the bones protruded.

The question of damages depended upon evidence to show whether or not Martens was a passenger riding for compensation, or a guest. If a guest was debarred from obtaining damages under the law, unless he could prove the driver were drunk or wilfully negligent. But if he was riding as passenger, who had or was about to confer some benefit upon Merriam, then ,provided, he could prove negligence on Merriam's part, he could recover damages. Martens insisted he was riding to Sacramento with Merriam in order to introduce him to Secretary of State Frank Jordan and an insurance official. Merriam declared that he had never heard the names of these gentlemen until Martens took the stand.

Corroborating negligence testimony regarding defects in the door which flew open, were witnesses, Mr. Jacobs and Mr. Gould. Corroborating Merriam's testimony that the door had never before given trouble was the testimony of Rolly Wright that he had ridden many times in the car and had never found anything wrong with the door. Merriam testified that he and Mrs. Merriam, who rode in the back seat, had observed Martens with his hand on the lever that opened the door, instead of in the ring used for closing it.

It was inferred that Martens himself had inadvertently unlocked the door, and that wind catching it, had yanked it open while he still clung to it.

Judge Raglan Tuttle in his instructions to the jury carefully outlined the law for their guidance.

The jury which rendered the verdict consisted of the following members: Edward J. Pollard, Robert Harrigan, Muriel Prisk, Fred Morrison, Jonothan Pascoe, Lewis E. Sleeman, J. F. Colley, Lillian I. Eldridge, Blanche Pitts, Elmer Herneisen, Elwell Goering, Jesse Cole.

Mrs. Nora Austin has returned from a brief trip to San Francisco.

Are We Growing Soft?

(Contributed)

Picture, if you can, one of California's state department-heads cheering wildly at a football game while drawing down a dollar an hour expense money plus his salary during time he is supposed to be devoting to state business.

Or picture, if you can stand it, a state employee purchasing supplies for his vacation cabin at Lake Tahoe with money out of the revolving fund of the Department of Finance.

Impossible, you say? By no means. These things actually have been happening recently. They are on the record, sworn to by a private accounting firm which reported last week to Assemblyman Leon M. Donihue, chairman of an Assembly investigating committee.

After picturing these rather brazen affronts to taxpayers in general, you might reflect also that the State Treasury, already termed "grossly inefficient" by accounting experts, is today in something of an uproar over the return of an official to California for trial after admitting responsibility for a $24,000 shortage.

Ordinarily such revelations as these would be classed as "startling," and would have the people up in arms in no time, denouncing waste of their tax money. Yet today there is no such uprising in California. Are we growing a little soft, or have we given up in despair to the mounting inefficiencies of government?

The people of California will pay between $575,000,000 and $600,000,000 in total taxes this year, while two decades ago we paid but $95,000,000. The 1935 legislature appropriated $58,000,000 greater expenditures than provided in revenues, and the state faces a deficit of $79,000,000 by the end of the current biennium.

This deficit will have to be met. One way to meet it is to load on more and more taxes, to tax the very shirts off our backs. The other way is to rise up and demand real economy in state government.

If we shout loudly and long enough, state officials will come to realize that wasting public money is not a healthy procedure.

ELECTRIC LIGHTS FOR ROUGH AND READY

Rough and Ready is to have electricity. A number of dwellings and a school house in the upper portion of the town that comprises a lively little village will be supplied. George Howe has built three cottages. The old hotel is to have electricity and the town will make further progress with the coming of modern lighting.

A power line carries electricity to the Empress mine in the Newton district north of Rough and Ready. Generators produce power and light for the Schroeder mine to the east, where an extensive diamond drilling program is under way. Many old time families still have nearby ranches, the names of Ennor, Frank, Fippin, and Howe, being among them.

The State Railroad Commission approved the four mile line in the last few days and the P. G. & E. officials state work will start as soon as material can be assembled. Power and lights will be furnished to mines and homes on the road to Rough and Ready.

GRACEY MINE

Wednesday morning L. W. Cheney, superintendent of the Gracey-Glencoe mine, southeast of Nevada City, stated that mining and development are continuing full blast. A splendid ledge of ore was opened up in this property several weeks ago according to reports and it is felt the property is now established as one of the new producers of the district.

UNIT OF P. T. A. ORGANIZED ON SAN JUAN RIDGE

A unit of the P. T. A. was organized in the school house at North San Juan. This unit will be known as the North San Juan Ridge P. T. A. and will include all schools that wish to join from French Corral to Cherokee. The first meeting will be held on Friday evening, November 8, and all parents, teachers and their interested friends are urgently asked to attend.

The officers elected for this term were Mrs. Joe Young president, Mrs. Sydney Strand, vice-president, Mrs. Mame Thompson secretary, Mrs. Percy Hepburn, treasurer. Mrs. Young appointed Mrs. George McQuinn chairman of the program committee, Mrs. Celte Washburn, membership, Mrs. Lowell Miller hospitality, Mrs. Robert Braithwaite, historian and publicity.

The meeting to be held November 8 will be of great importance as business and programs for the season will be outlined and it is imperative that those interested attend and learn particulars.

BANNER MT. POST WILL MARCH ON ARMISTICE DAY

C. E. Bosworth, George Cleland, Ed Rose, and William Mitchell, of Banner Mountain Post, V. F. W., attended the entertainment and dinner of the American Legion in Grass Valley Tuesday evening.

The Post will assist the American Legion of Grass Valley in the celebration on Armistice Day November 11. The Ladies Auxiliary will also take part and will wear the new caps, and carrying the flags and colors which have been received recently. The Armistice Day parade will start promptly at 10 o'clock near the corner of Bennett and Main streets.

Quartz and placer claim location notice blanks at the Nugget office.

LAVA CAP MINE

Beginning November first men at the Lava Cap and Banner mines were given Sundays off on both shifts as in other operating properties of the district. Superintendent Otto E. Schiffner stated Wednesday that ore in the Banner shaft is opening up nicely.

Quartz and placer claim location notice blanks at the Nugget office.

MONEY NO OBJECT IF IT'S A QUESTION OF HEALTH

Since 1799 thousands of people have regained their normal health after years of suffering from stomach troubles of all types, such as constipation, indigestion, gas, and sour stomach which are the basic factors of such maladies as high blood pressure, rheumatism, periodic headaches, pimples, on face and body, pains in the back, liver, kidney, and bladder disorder, exhaustion, loss of sleep and appetite.

Those sufferers have not used any man-made injurious chemicals or drugs of any kind; they have only used a remedy made by Nature.

This marvelous product grows on the highest mountain peaks, where it absorbs all the healing elements and vitamins from the sun to aid HUMANITY in distress.

It is composed of 19 kinds of natural leaves, seeds, berries and flowers scientifically and proportionately mixed and is known as LION CROSS HERB TEA.

LION CROSS HERB TEA tastes delicious, acts wonderfully upon your system, and is safe even for children. Prepare it fresh like any ordinary tea and drink a glassful once a day, hot or cold.

A one dollar treatment accomplishes WONDERS; makes you look and feel like new born. If you are not as yet familiar with the benefcial effects of this natural remedy LION CROSS HERB TEA try it at once and convince yourself. If not satisfactory money refunded to you.

Try it and convince yourself with our money-back guarantee.

One week treatment $1.00. Six weeks treatment $5.00.

In order to avoid mistakes in getting the genuine LION CROSS HERB TEA, please fill out the attached coupon.

RED CROSS REPORTS BUSY YEAR AIDING DISASTER VICTIMS

Tornadoes, Fires, Hurricanes, Floods, Epidemics, Make Record of Year

The American Red Cross assisted sufferers in more disasters throughout the United States during the year ending June 30, 1935, than through any similar period in the peace-time history of the organization, Admiral Cary T. Grayson, chairman, revealed recently in commenting on the annual report which has just been released.

"The 128 domestic disasters in which the Red Cross extended aid during the fiscal year exceeded by 56 per cent the average over the past few years," Admiral Grayson said. "Not only was the period heavy in the number of disasters, but the geographical distribution was wide, with 37 States and 353 counties affected.

"Through these disasters and times of community distress, the Red Cross assisted 110,000 persons," the Admiral disclosed.

Spectacular service was rendered in many disasters because of the uniqueness of the problems and the far-flung points affected. The work of the National organization covered in the report carries stories of the *Morro Castle* burning; the trench-mouth epidemic in the beautiful San Luis Valley of Colorado; the great fight over a wide front in the mid-west dust bowl against respiratory diseases; floods, hurricanes, and tornadoes in many sections of the United States.

In addition to the disasters taking place within the continental limits of this country, Admiral Grayson pointed out that work had been made necessary by disasters in Hawaii, Puerto Rico, and the Philippines, where 26 disasters were recorded in that archipelago. The American Society also assisted the Red Cross of two foreign countries in caring for victims of floods and earthquakes.

The variation of types of disasters called for expert council on matters relating to health and nutrition as well as epidimic prevention. Last year's work proved the value of the structure and administration of the Red Cross disaster relief, the Admiral said, the very frequency of occurrence and the variety of types constituting a severe test of the organization chartered by Congress to handle this type of National relief.

Expenditures of the Red Cross for relief of persons stricken by disasters within the continental United States amounted to $464,413. In addition, $75,000 was sent to the Philippines to assist them in three major relief operations necessitated by typhoons, $5,000 went to victims of the Indian earthquake, and $5,000 to Poland for victims of severe floods. A number of smaller foreign emergencies called for sums totaling $2,500.

The months of February, March, April, May and June were heaviest for tornado disasters. Floods occurred throughout the year. Serious fires calling for Red Cross assistance took place during July and December. A devastating explosion took place in Tennessee during April. Most of the hurricanes struck States along the east coast during the fall and early winter.

"All of this assistance to persons in distress," Admiral Grayson pointed out, "was only possible through generous contributions made by citizens in all sections of the country."

Most of this support of the disaster relief service comes from the annual Roll Call held each year from Armistice Day to Thanksgiving Day.

SAVANTS WRITE BOOK ON COAST TREE VARIETIES

BERKELEY, Nov. 7.—What kind of a tree is that?

That question, perhaps the most popular and oft repeated on the western rim of the continent, is completely and convincingly answered for the first time in "An Illustrated Manuel of Uacific Coast Trees," just turned out by the University of California Press. The manual, intended primarily for field workers, but easily understandable to the average automobilist, camper or picnicker, is from the pen of Professor Howard E. McMinn, professor of botany in Mills College, and Evelyn Maino, on the faculty of the same institution and a graduate in landscape design of the University of California. An accompanying list of trees was prepared by H. W. Shepherd, associate professor of landscape design in the University of California.

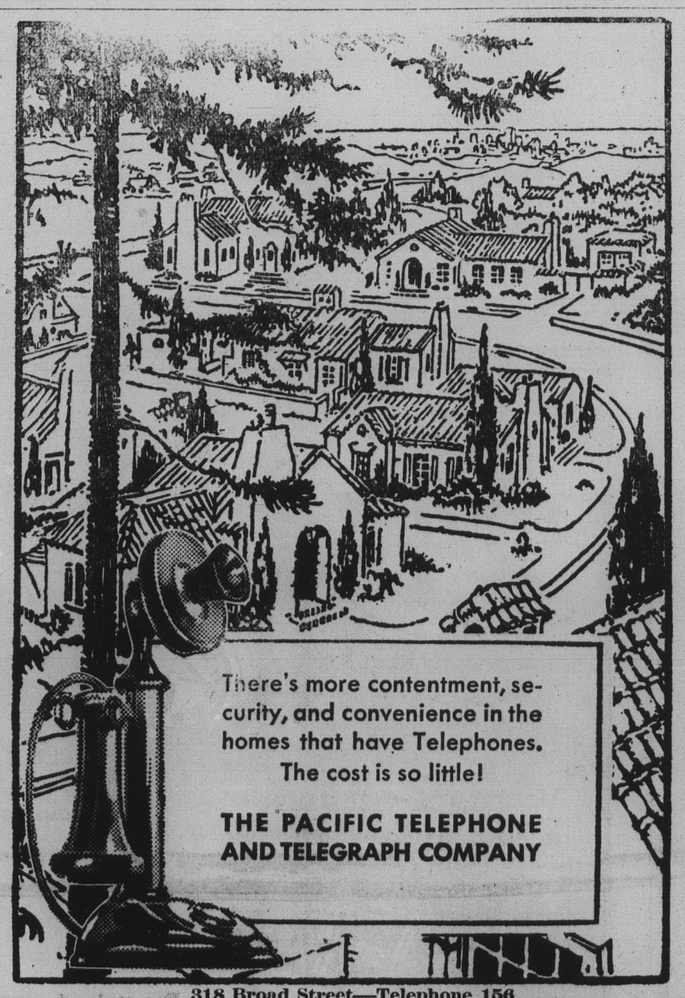
The trees covered in the manual ar those growing in California, Oregon, Washington and British Columbia. The manual shows that a total of 130 species and 16 varieties of trees are native to the Pacific Coast while the introduced trees number about 1,000, the latter having been brought in from all parts of the world. The migration of trees, through the carrying of the seeds by winds and the mobility of glaciers, is also explained.

According to the manual, the sequoias, sempervirens and sequoia gigantea, oldest and most magnificent trees in the world, were not all originally confined to what is now California. They once inhabited a great part of the northern hemisphere. Fossil remains of the two living and several extinct species have been found in Alaska, Canada, Greenland, Europe and Asia. The Bald Cypress of the southeastern United States is a close relative.

The manual also shows that magnolias, palms and ginkgoes once thrived in Oregon and Washington, but were forced out of that region by a series of geologic and climatic changes and by their inability to compete with new species.

Illustrated details of each species are included in the manual, these having been prepared by Evelyn Maino. These details are in black and white.

Copies of the manual may be obtained from the University Press and from a number of dealers.



There's more contentment, security, and convenience in the homes that have Telephones. The cost is so little!

what Irvin S. Cobb thinks about:

They Who Live by the Gun.

SANTA MONICA, CALIF.—They live the life of Riley, these veteran gangsters of the old established firms, but they die the deaths of dogs. Their successors come and go. Let us hope they'll keep on going faster than they keep on coming.

With that St. Valentine's day massacre emblazoned in red letters on the civic score board, Chicago still holds the lead for a single clean-up, but you can't say the boys around New York aren't trying. Dame Rumor hath it that very few of the gentlemen in permanent residence there are entirely satisfied with Alcatraz—the life is too confining, for one thing—but, even so, my guess is that Mr. Al Capone, snug as a bug under a rug, is kind of glad about one fact: that long-term policy of health and casualty insurance which Uncle Sam issued to him—with the clause permitting travel eliminated—still has quite some time to run.

Irvin S. Cobb.

* * *

Borah for President.

BILL ALLEN WHITE says Senator Borah is good presidential timber. Well, the Republicans might go further and fare worse—they probably will.

Once I was sure most of the smart tricksters were naturally Republicans just as most of the honest idiots were naturally Democratic. Lately, though, the Republicans have borrowed many of the sterling half-witted tactics of the opposition. Where there's a choice of two ends, they'll take both.

Besides, to any set of party bosses, Borah, as a candidate, would be absolutely hopeless. He makes up his own mind, instead of sending it to some reliable old guard laundry. He says what he believes. He believes what he says. When he talks, he talks about issues, not about Borah.

* * *

Pigskin and Sheepskin.

ONCE the student sought the college. Now the college seeks the student. Preferably her scouts seek the lad who perhaps is muscle-bound from the neck up and may have a head shaped like a pineapple cheese, but if sinewy and supple otherwise, he brings deathless fame to dear old alma mater by making the all-American and graduating with the degree of PFP—perfect forward passer. So it's watch the pigskin, boys, and the sheepskin will take care of itself.

Many a jerkwater university has been made immortal by one noble cab built on the general lines of a piano mover. And with a whole team of such scholastic prodigies, she can hire a coach at four times the salary the prexy gets and amount to something as an educational center.

Well, why not? The nations most capable of governing themselves are those whose youth learned discipline, self-control and sportsmanship.

* * *

Hands Across the Sea.

VARIOUS subtle diplomatic tricks having failed to lure us into pulling England's chestnuts out of the fire for her—and who ever saw England with a burnt paw if there was a sucker handy—it's almost time for our devoted kinsmen of the mother country to dig up the line about hands across the sea and that other equally lovely line which goes so well when played on your Anglo-saxophone—the one about blood being thicker than water.

No use reopening ancient sores, but students of our Revolutionary history will perchance recall that the first hands across the sea were what you might call hired hands, being Hessian mercenaries rented at so much a head to conquer us. Whereas of later years, the most familiar hands across the sea were those greedily outstretched to clutch the Yankee's dollars, then clenched into angry fists did the said Yankee so much as hint he'd like a little something on account.

So, while the League of Nations stews in its own thin and impotent gravy, let us acknowledge that blood is indeed thicker than water—but piously continue to give thanks for 3,000 miles of the water.

* * *

The Horse and Buggy.

FRONT pages came packed with tidings to stir the pulse—war, earthquake, a famous woman flier in a crash; death for men in high places; another Cuban hurricane making up; a tragic finish for a great cartoonist whose wit and skill gave joy to millions. It's as though fate had her grim wash day, too.

Even so, the budget of news seems strangely incomplete. Let's look the flaming headlines through again to see what's lacking. Oh, yes, this must be it:

None of the younger Roosevelts got pinched over the week-end for speeding or even for violating traffic rules. Possibly the returns from the back-precincts aren't all in yet. Anyhow, the President has no cause to complain that the boys belong to the horse-and-buggy age.

IRVIN S. COBB.

WANTED—Clean rags at the Nugget Office.

NEVADA SCHOOL DISTRICT.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the Board of Supervisors of the County of Nevada, State of California, at the office of the Clerk of the Board of Supervisors of said County, County Courthouse, Nevada City, California, until 10:00 o'clock, A. M. of Monday, the 25th day of November, 1935, for the purchase of $72,000.00 principal amount of bonds of Nevada School District. Said bonds constitute the entire issue of bonds of said District, authorized at an election held in said District on October 10, 1935, at which election 719 votes were cast in favor of said bonds and 45 votes were cast against said bonds, and will be issued for the following purposes: the purchasing of school lots, the building or purchasing of school buildings, the making of alterations or additions to the school building or buildings, other than such as may be necessary for current maintenance and operation or repair, the repairing, restoring or re-building of any school building damaged, injured or destroyed by fire or other public calamity, the supplying of school buildings with furniture or necessary apparatus of a permanent nature, and the permanent improvement of the school grounds. Said authorized issue consists of 72 bonds, numbered consecutively from 1 to 72, both inclusive, all dated December 1, 1935, bearing interest at the rate of not to exceed five (5) per cent. per annum, payable annually for the first year and semi-annually thereafter on June 1st and December 1st of each year. Each of said bonds is of the denomination of $1000, and both principal and interest thereon are payable in lawful money of the United States at the office of the County Treasurer of Nevada County, Nevada City, California. Said bonds mature and are payable in consecutive numerical order from lower to higher, as follows: Two (2) bonds on December 1st in each of the years 1936 to 1942, both inclusive; three (3) bonds on December 1st in each of the years 1943 to 1956, both inclusive and four (4) bonds on December 1st, in each of the years 1957 to 1960, both inclusive.

Said bonds will be in coupon form but registerable as to both principal and interest. Bidders must specify the rate of interest which the bonds shall bear. Different rates of interest may be fixed for different maturities of said bonds, and it shall not be necessary that all bonds offered for sale bear the same rate of interest. The interest rate or rates stated in the bids must be in a multiple of one-quarter of one (.0025) per cent per annum, payable semi-annually (except the first year). The best bid will be determined by deducting from the total amount of interest which the District would be required to pay up to the maturity of the bonds at the coupon rate or rates specified in the bid, the amount of the premium, if any, bid therefor, and the award will be made on the basis of the lowest net interest cost to the District.

With each bid must be submitted a certified check or cashier's check in the sum of $5000, payable to the order of the County Treasurer of Nevada County, as a guarantee that the bidder will purchase and pay for said bonds in the event his bid is accepted. Bids will be received for all or any of said $72,000, principal amount of said bonds at not less than their par value and accrued interest as specified. All bids must be unconditional, and, together with bidder's check must be enclosed in a sealed envelope endorsed "Proposal for Nevada School District Bonds."

The Board of Supervisors hereby reserves the right to reject any and all bids.

The legal opinion of Messrs. Orrick, Palmer & Dahlquist, of San Francisco, California, approving the validity of said bonds will be furnished to the successful bidder without charge, together with a certified copy of the transcript of proceedings.

Said bonds will constitute valid and legally binding general obligations of said District, and all taxable property in said District subject to taxation by said District (except certain intangible personal property which is taxable at limited rates) will be subject to an ad valorem tax for the payment of said bonds and the interest thereon, without limitation of rate or amount.

There is no controversy or litigation pending of threatening concerning the validity of the organization of said District, the validity of said bonds or the title of the officers of said District to their respective offices.

Said District comprises the entire city of Nevada City. The assessed value of taxable property situated within said District, as shown by the last equalized assessment roll of said County of Nevada, is $1,775,905, and said District has no outstanding bonded indebtedness. Said District has existed as a school district continuously since 1857.

Further information relative to the financial condition of the District will be furnished to any bidder upon request.

By order of the Board of Supervisors of the County of Nevada, State of California.

Dated: November 4, 1935.

(Seal of Board of Supervisors.)

R. N. McCORMACK,
County Clerk and ex-officio Clerk of the Board of Supervisors of Nevada County, California.

Nov. 8 and 15.

BIRTHS

BORN: At the Jones Memorial Hospital, Grass Valley, November 1935, to Mr. and Mrs. Ben W a daughter.

BORN: At the Jones Memorial Hospital, Grass Valley, November 1935, to Mr. and Mrs. R Jones a son.

Social Events

St. Agnes and Trinity Guilds Meet

Mrs. E. C. Uren, president of St. Agnes Guild was hostess yesterday at her home on Broad street, to a joint business meeting of St. Agnes and Trinity Guilds. When the business of the guilds was completed the hostess served tea.

Lodge Parties For Winter Time

Neva Rebekah Lodge and Oustomah Lodge of Odd Fellows of Nevada City held their first dance and card party last evening with throngs of members enjoying a most delightful time. Delicious cakes and coffee were served. The next party of the winter series will be held in Colfax in three weeks.

Guests of Marysville Fortnightly Club

Mrs. O. McCraney, Mrs. C. E. Parsons, Mrs. Raglan Tuttle and Mrs. Gordon Bettles were guests Wednesday at luncheon and an afternoon of entertainment of the Fortnightly club of Marysville.

Evangeline Chapter Elects Officers

Evangeline Chapter, O. E. S. of Nevada City elected officers Tuesday evening, the following were chosen for the coming year:

Miss Katie Eddy, matron; Mrs. Helen Berger, associate matron; Mrs. Alice Davies, conductress; Mrs. Catherine Celio, associate conductress; Mr. E. P. Gleason, patron; Mr. Joseph Stenger, associate patron; Miss Alice Cooper, secretary; Mrs. Janie Hall, treasurer. The following are to be appointive officers, Mrs. Virginia O'Neill, warder; Adah, Mrs. Irene Barron; Ruth, Miss Lois Eden; Esther, Miss Esther Tremaine; Martha, Mrs. Bernice Penrose.

Installation of officers will take place in the Masonic building in this city in two weeks.

Autumn Leaves Decorative Motif

Mrs. William Treglown of Nevada City entertained the latter part of last week with a Hallowe'en party, her cosy home being decorated with pumpkins, bright autumn leaves, and motifs. Two tables of bridge were enjoyed, prizes being awarded to Mrs. Ethel Rundy, first, Miss Ruth Hutchison, second and Mrs. Hutchison, consolation. Dainty refreshments in keeping with the occasion were served at the close of the evening.

YELLOWJACKETS LOSE LAST GAME OF THE SEASON

(By BEN SWEENEY)

Playing in their last game of the season against the Grass Valley Miners the Yellowjackets of this city were unable to score Wednesday and left the field with a fourteen point victory for Grass Valley. The Grass Valley team made both of their tallies in the second half, the Nevada City men obviously wearing beneath the strain of playing against heavier men. The weight advantage held by the Miners was not large, but was sufficient to act as a benefit to their playing.

The Yellowjacgets were seemingly more nervous in this game than in any other game this season. Several plays which might have resulted in scores were unused, and the locals failed to even endanger the visitors' territory.

Jones of Nevada City was slow in getting off punts whereas Faulkner of Grass Valley did some excellent booting. Burgen, a Yellowjacket, did the only outstanding running of the day. Bonner also a local player turned in a fine game.

Judge Raglan Tuttle of Nevada City will be the principal speaker on the Armistice Day program at the Veterans Memorial Building on Armistice Day, November 11.

Mr. and Mrs. William Treglown of this city have as house guests, Mr. and Mrs. F. A. Wilson of Hobart Mills. Mrs. Wilson and Mrs. Treglown are cousins.

COWBOY MILLIONAIRE DRAMA OF SWIFT RISE TO FORTUNE

Blazing a path as a pioneer of a new type action motion picture, George O'Brien's new starring picture, "The Cowboy Millionaire," opens tonight at the Nevada Theatre.

Action ranges over six thousand miles from London's spires to Arizona's deserts. Audiences are promised an engrossing lot of thrills.

This Fox Film release has been acclaimed wherever seen. It eschews the stereotyped formula of the hardened cowboy plus fragile girl fluttering around mortgaged homesteads.

In "The Cowboy Millionaire" the settings denote wealth, and bespeak refinement and culture. The women wear clothes befitting wealthy society. No cowboy shoots up the dust of the village street. No chases predominate the picture, yet this fast moving film is packed to the hilt with action.

Producer Sol Lesser spared no money to give to this picture a fitting frame.

George O'Brien moves with ease from the hard west to society's drawing rooms.

Evalyn Bostock, talented English film actress, plays the female leading role opposite George O'Brien. Edgar Kennedy, Alden Chase and Maude Allen make up the supporting cast. The direction is by Edward Cline.

MARRIOTT'S SPEECH PRAISED

People are still commenting on the fine talk made by Dick Marriott, local Boy Scout, at the Country Fair Saturday night when he spoke before the microphone. He gave a short sketch of Boy Scout work and touched on his splendid trip with other Boy Scouts on their tour of the United States last summer.

LUMBER TALKS

The clouds above may threaten rain,
But when the roof is steady,
Though rain may fall and rude winds howl,
Ma's nerves remain quite steady;
And when she knows the roof has had
The coat of paint it's needin',
She'll go about her daily tasks
The storms outside unheedin'.

PAINTS

We have in our store especially prepared paint for either iron or composition roofing; also bright colored stains and paints for wooden shake or shingle construction.

If the buyer prefers to avoid the cost of a new roof this winter, he can successfully and very economically repair the roof now in use.

We invite all those interested to call, get our prices and see sample application of our products.

JOERSCHKE; AGNES F. JOERSCHKE, as Guardian of the Person and Estate of Adele Freda Joerschke, a minor, AND ALSO ALL OTHER PERSONS UNKNOWN CLAIMING ANY RIGHT, TITLE, ESTATE, LIEN OR INTEREST IN THE REAL PROPERTY DESCRIBED IN THE COMPLAINT ADVERSE TO PLAINTIFF'S OWNERSHIP OR ANY CLOUD UPON PLAINTIFF'S TITLE THERETO, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO: W. H. Hahn; Frank A. Thurston and Ellie Thurston, his wife; Carl Jones; Frances G. Jones; George L. Jones; G. J. Rector; E. Merritt Rector; Glenbrook Park Association, a corporation; Agnes F. Joerschke; Agnes F. Joerschke, as Guardian of the Person and Estate of Adele Freda Joerschke, a minor, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto, ... Defendants.

You and each of you are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada within ten (10) days after the service upon you of this Summons, if served within this County, or within thirty (30) days if served elsewhere.

You are hereby notified that unless you appear and answer the Complaint as above required the said Plaintiff will take judgment against you for any money or damages demanded in the Complaint as arising upon contract or it will apply to the Court for any other relief demanded in the Complaint.

The said action is brought by the above named plaintiff against the above named defendants, and each of them, to quiet the plaintiff's title to the lands and real property described in the Complaint on file in the said action and hereinafter particularly described, and to determine the adverse claims of the above named defendants, and each of them, and of all unknown persons to, and clouds upon the title to the said real property and the whole thereof pursuant to the provisions of Sections 749, 750 and 751 of the Code of Civil Procedure of the State of California, and that the said real property is situate, lying and being in the County of Nevada, State of California, and is particularly described as follows, to-wit:

All those certain portions of Sections 23 and 24, in Township 16 North, Range 8 East, M. D. B. & M. being more particularly described as follows, to-wit:

Commencing at a point on the East side of the right of way leading to Olympia Park from the Grass Valley-Nevada City State Highway which said point is located South 31° 24' West 408.08 feet from the quarter Section corner between said Sections 23 and 24; thence Magnetic Variation 18° East, South 4° 33' East 154.91 feet; thence South 10° 28' East 64.61 feet; thence South 17° 54' East 72.61 feet thence South 27° 09' East 71.97 feet; thence South 32° 24' East 40.2 feet; thence South 39° 23' East 48.41 feet; thence South 43° 54' East 56.73 feet; thence South 47° 08' East 257.32 feet; thence South 58° 46' East 194.75 feet; thence following the boundary of the Olympia Park property the following courses and distances; South 60° 09' East 261 feet; North 60° 48' East 185.5 feet; North 21° East 314.8 feet; North 16° 54' East 578.8 feet; and North 49° 15' East 461.93 feet to the Northeast corner of the Northwest quarter of the Southeast quarter of said Section 24; then North 89° 3' East along the line dividing said Section 24 into North and South halves at 1107.58 feet a three inch in diameter pipe on the West side of the County Road, 1177.6 feet in all, to a point 30 feet West of the center of the Nevada County Narrow Gauge Railroad Track thence following the westerly or southwesterly side of the right of way of the said Nevada County Narrow Gauge Railroad at 30 feet distant from the center thereof the following courses and distances; North 19° West 478 feet; North 26° 57' West 132 feet; North 44° 42' West 132 feet; North 63° 42' West 330 feet; North 54° 42' West 171.6 feet; North 41° 42' West 180 feet to a point on the southeasterly line of the property now owned by Earl Sutton; thence along the boundary between the said Sutton property and the property described herein the following courses and distances; South 38° 40' West 64.93 feet; South 82° 15' West 78.63 feet; South 51° 10' West 261 feet; North 37° 18' West 40 feet; North 24° 11' West 520.7 feet; North 85° 20' West 188.5 feet; South 86° 13' West 24.25 feet and North 70° 33' West 116.32 feet to a point on the Southeasterly side of the County Road; thence South 52° 30' West 418.37 feet along the Southeasterly side of said County Road to a point on the Southeasterly side of the Grass Valley-Nevada City State Highway; thence South 52° 47' West 841.76 feet along the Southeasterly side of said State Highway to a concrete post at the intersection of said Southeasterly side of State Highway and the Northeasterly side of the aforesaid right of way to Olympia Park; thence along the Easterly side of said right of way the following courses and distances: South 41° 18' East 94.5 feet; South 8° 42' West 32.04 feet and South 2° 07' West 895.02 feet to the place of commencement. EXCEPTING AND RESERVING therefrom all portions thereof lying within the exterior boundaries of the county road on the easterly side of said above described property.

That the object of the said action is to obtain the judgment of the Court against the said defendants and each one of them, known and unknown as follows:

That all adverse claims to, and all clouds upon the title of plaintiff to the said real property or any and every part thereof be determined by the judgment and decree of said Court, and that it be decreed that plaintiff is the sole owner in fee of said real property and the whole of said real property herein described, being the same real property described in the Complaint of Plaintiff on file herein, and that plaintiff is in the possession of the property and entitled to the possession of the said real property, and the whole thereof, and that the defendants have not, and that no one of the said defendants, including the unknown persons made defendants herein, have any right, title, estate, lien or interest of any kind whatsoever, in or to or on the said real property or any part thereof, and that the said defendants and each and every one of them, known and unknown be forever debarred, enjoined and restrained from making, or asserting any claim whatsoever in or to the said real property, or any part thereof, adverse to plaintiff, and that the title of said plaintiff in and to the said real property and the whole thereof be forever quieted and adjudged good and valid, and for such other and further additional order, judgment, decree and general relief as is meet and proper in the premises and for costs of suit.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Nevada, this 24th day of October, A. D. 1935.

(SEAL)

R. N. McCORMACK,
Clerk of the said Superior Court.
By R. E. DEEBLE, Deputy.
Nov. 8, 15, 22, 29.

FAMOUS SOPRANO TO SING NOV. 17 IN SACRAMENTO

Gladys Swarthout, who sings in concert Sunday afternoon, November 17, in Sacramento Memorial auditorium, has had a swift rise to fame as a mezzo-soprano in the four fields of opera, concert, radio and motion picture.

Still in her twenties, she is at the top of her profession. Her ability, charm, good looks and willingness to work have speeded her rise to fame with short cuts at every point.

The maturity of her voice has been commented on by teachers and listeners alike. However, Miss Swarthout modestlly disclaims credit, saying: 'I apparently was born with a mature voice. I did not have to work hard to develop my voice, though I have worked hard to acquire the finesse which makes for an artistic interpreation of operatic roles."

At thirteen she applied for the position of contralto soloist at a Kansas City church, and got the job. An audition arranged by friends gave her a chance with the Chicago Civic Opera Company, and during the next few weeks she learned 23 roles.

Five seasons ago she reached the heights with the Metropolitan opening its doors to her.

Radio and the motion pictures have made the latest claims on her. Last season she appeared on two important weekly programs over network works of the National Broadcasting company, and this year she started making the picture "Rose of the Rancho," with John Boles. This soon will be ready for release and is expected to be one of the hits of the season.

Miss Swarthout's appearance at Sacramento will be one of two in Northern California she having cancelled her San Francisco opera engagements because of conflict with motion pictures. The other performance still on her schedule is a concert at Burlingame. The Sacramento program is sponsored by the Sacramento Music Series.

EARL COVEY TO SPEAK IN ARMISTICE PROGRAM

The students of the Nevada City high school will gather in assembly this morning to commemorate the signing of the Armistice by the nations of the world. Mrs. Libbey, faculty member of the local high school, will have charge of the special music for the occasion.

The speaker of the morning will be Earl Covey, of the American Legion of Grass Valley. Mr. Covey is well known in Nevada City and the citizens desiring to hear the speaker and take part in the rest of the program are cordially invited to attend.

WINTER MINING SUPPLIES

Mines in the Alleghany district are making many preparations for a steady winter of production and development. Large truck loads of food supplies and equipment are being taken to Alleghany and Forest, Sierra count. Several big oil trucks are hauling fuel oil. Supplies are being sent to the 16-to-1, Kenton and Plumbago, at Alleghany, and South Fork and Bald Mountain at Forest. Several inches of snow fell during the last storm but it has melted. Will Carter, freight truck driver for Davies and Sons, stated that the roads are muddy.

ALBERT SIEDMAN TO BE LAID TO REST TODAY

Funeral services will be held this afternoon at the Jefford Funeral parlors at 2 o'clock this afternoon for the late Albert Siedman who passed away in Grass Valley Wednesday afternoon, a victim of an occupational disease. Deceased was 66 years old and had lived in Grass Valley 19 years.

He was a member of the Mine Workers Protective League and held membership in Cottage Grove Lodge No. 68, I. O. . F. of Cottage Grove, Oregon and Grass Valley lodge No. 12, I. O. O. F. will conduct graveside services this afternoon.

A wife, Mrs. Ida Siedman of Grass Valley and two sisters survive him.

GAVEL FOR CHAIRMAN

During the last session of the County Board of Supervisors a hand carved walnut gavel was presented to Chairman of the Board, E. B. Dudley, by J. E. Blake, State Highway Patrolman.

CRASH HAZARD IN CUTTING IN

Be sure you have enough clear distance to pass the other car.

With an increasing number of head on collisions noted in accident reports, motorists were urged in a statement today by the Public Safety Department of the California State Automobile Association to make certain that they have sufficient clear space ahead when passing. This feature of safe driving was stressed by the motorists organization as part of an expanded program of activities aimed to reduce the heavy toll of traffic accidents.

The importance of providing clear vision of the road ahead for as long a distance as possible is recognized by authorities on highway design and safety, the statement points out. Results of test measurements by the U. S. Bureau of Standards to determine what that distance should be for minimum safety requirements, are offered by the association as evidence of the risk involved in passing without sufficient clear space ahead.

In all the test maneuvers the rear car, traveling at the same speed as the car ahead, started to accelerate from a position about one and a half seconds in time behind the car ahead. It was found by several hundred measurements that the time required to overtake and pass another car on a substantially level road, starting from a safe distance to the rear, is nearly six seconds and is independent of the speed.

Reduced to distances, it was found that for a car to overtake and pass another which is traveling at forty miles per hour, on roads where a speed of fifty miles may be expected, the driver intending to overtake must have at least 900 feet of clear road ahead if the maneuver is to be made with safety.

In overtaking a more slowly moving vehicle, such as a truck traveling at twenty miles per hour, the safe distance is 650 feet, made up of 600 feet for the overtaking vehicle plus fifty feet for a vehicle approaching at fifty miles per hour.

Mrs. M. M. Neeley of Nevada City, who is recovering from a severe attack of scarlet fever, was able to be down town Tuesday for the first time in several weeks.

OUR CORNER

BY AUNT BETTY

Dear Boys and Girls: Good Afternoon and How Do You Do! Every Friday just thrills me anew. Every Friday just fills me with joy that I'd like to pass on to each girl and each boy. It's so much fun to write a line and then add six or eight or nine and tell you all a little tale. It's so much fun to get my mail where I find letters neatly penned that little readers kindly send.

The very first "Our Corner" letter came from a girl (I've never met her).

You'll find it on this very page. She tells her name, her class and age. She is the very first "Our Corner" member and heads the list for gay November.

This is the way to join Our Club Maggie, Susie, Tom and Bub. Just write a letter, poem or story; make it short like Mother Morey," Write it very, very neatly—give your name and age completely. Leave it in Aunt Betty's Box. It has no keys or doors of locks. You'll find it just inside the door, not too high above the floor, at the office of this paper. Fill my box and watch me caper.

To the Nugget office be sure to bring your tale.
Bring it Wednesday please, now without fail!

Do you sometimes feel quite blue' Can't think what on earth to do? Then try this little scheme of mine, and you'll no longer sight or pine.

Whenever I am lonesome and have nothing else to do, I play that I am someone else, say a pirate with a crew. And I sail out on the ocean, in my mother's biggest trunk, just makin' b'l'eve I'm hunting for gold a great big chunk.

And then my trunk's a treasure chest and I am Captain Kidd and I hide all sorts of treasures beneath its curving lid.

Sometimes my trunk's a flying one and I'm a fairy prince (last time the lid shut down on me and I haven't tried that since.)

There's nothing that my trunk can't be from an airship to a mine, so if you're ever lonesome, just makin' believe is fine.

Now then everyone get busy. Write those letters till I'm dizzy. I'll promise that I'll not get fretty here's seas of love from your own

AUNT BETTY.

OUR FIRST LETTER

Nevada City, Calif.
November 2, 1935.

Dear Aunt Betty:

I was so pleased when my mother read the paper and found your letter I belonged to Aunt Elsie's Club in the Oakland Tribune I will tell you about myself. I am 8 years old last May 27, and in the third grade, Miss Tamblyn's room. I have been in four different schools, first Jackson then Auburn then Allegheny and now Nevada City. I have a brother who was in 10 different schools.

I will close this time with love to you Aunt Betty from

Florence Mae Hemsath.

Here's a jolly little story from Rollene Shearer, in Mrs. Warnecke's room.

"HOW TO GAIN"

When we were eating dinner my sister was talking all the time. Mother told her to eat more and talk less.

Dear Aunt Betty:

I have noticed that you have put a piece in the paper and you want us to give you an idea of what to write about.

I thought that it would be nice if you wrote about the trees and the wild animals of the forest.

Sincerely yours

OTTO KRON.

Dear Aunt Betty:

I think your Nugget club will be a great success. In my opinion I would like to see what the other children are doing, and hearing of their adventures. I would also like to hear of other's hobbies.

My hobby is collecting stamps. I love to read books also. Somtimes I might want to write to you for advice for my troubles.

With best wishes for your success I am, Sincerely yours

MARILYN LEE.

I would like you to write in the space you use for your club about the winter and summer sports. I like the winter to come so I can play in the snow, but I like the summer to stay so I can go swimming.

Sincerely yours

BILLIE KELLER.

Dear Aunt Betty:

Our family takes the Nugget and would be very pleased if I could write a letter to you and have it put in the paper. My favorite sport is swimming and diving, and I would like to know what yours is.

I love football next best. If my father agrees, I'll play football for our team in high school. I'll have to say goodbye for this time, with best wishes for your success.

Sincerely yours

EVERETT ANGOVE.

CATO SAYS: NAB DRIVERS GOING OVER 45 M. P. H.

SACRAMENTO Nov. 7.—Motorists who exceed a speed of 45 miles an hour on the open highway will find California has a speed limit despite a general opinion lately advanced by uninformed persons that there is no rule against fast drivers.

In ordering arrest of persons driving in eycess of 45 miles an hour on the open road, Chief E. Raymond Cato of California Highway Patrol, made the following statement:

"The speed limit on highways of California is 45 miles an hour, except in restricted areas where lower speeds are specified by the vehicle code.

"Any motorist driving in excess of 45 miles an hour on the open highway is subject to arrest and must prove to the courts that he was not driving imprudently and without due regard for the traffic on, and the surface and width of, the highway, and in no event at a speed which endangered the safety of persons or property.

"An erroneous interpretation of the law recently has given many motorists the idea that they could drive as fast as they wanted and if arrested all they had to do was to prove to the courts that they were driving prundently. These persons overlooked the fact that California's statutes specifically set 45 miles an hour as a speed limit."

SUPERVISORS APPOINT H. PRISK, CONSTABLE

Henry Prisk, Sr., was appointed constable of Grass Valley township to fill the vacancy created by the recent death of William Dillinger at Tuesday's session of the County Board of Supervisors. There were seven applications for the position.

There are 474 more motorcycles on California's highways this year than there were in 1934. A total of 8503 such vehicles are registered in the state.

ANNOUNCEMENT

CAMPTONVILLE

VETERANS WILL DANCE IN NOR. SAN JUAN NOV. 9

(By KATHERINE BRAITHWAITE)

From far and near the crowds are mobilizing and fueling up the transport cars that will convey them to historic old North San Juan Saturday night. Twamley Memorial Hall will be the center of attraction for there the battle will be waged that will completely put to rout, for the evening at least, all traces of Old Man Depression and his army of Unoccupation.

At nine o'clock sharp the bugle will sound "To arms" and the orchestra, to the tantalizing rhythm of the old familiar World War songs, will inspire the brave soldiers to choose a fair partner and dance away to victory.

A large contingent of volunteers are enroute from Marysville, Auburn, Grass Valley, Nevada City and Downieville. The mountain roads and trails are lively with cattlemen and miners on their way to North San Juan to report for duty. The commissary department has established a mess hall near the front line trenches and chow will be rationed out at all hours during the siege.

A five piece orchestra has been pressed into service to keep the enthusiasm keyed up to the highest pitch with "Tipperary" and "Where Do We Go From Here Boys" and during the lulls will make the overseas expeditionary force homesick with "Keep the Home Fires Burning."

Twamley Hall is completely covered with a new roof and three stoves have been installed to make it warm and comfortable. Two large lots have been secured for parking spaces. There will be no traffic jam near the dance hall and many other new features have been added for the comfort of the guests of North San Juan.

GAIN IN REGISTRATIONS

California made a gain of 5.66 per cent in motor vehicle registrations in the first nine months of this year in comparison with the same period of 1934.

NUGGET ADS PAY

J. R. OVERTURF FILES NOMINATING PETITION

J. R. Overturf, deputy superintendent of city schools in Sacramento has filed a nominating petition for the position of president of the Northern California Teachers' association with Mrs. Portia F. Moss, secretary of the organization. The election will be held in connection with the annual institute in Sacramento November 25, 26 and 27.

Overturf at present is chairman of the legislative committee of the teachers' organization, and is a member of the resolutions' committee of the superintendence department of the National Education Association. He has been deputy superintendent of schools in Sacramento for the past ten years.

He is widely known in educational circles for his summer school instruction at Stanford University, Chico State College and San Jose State College.

California Highway patrolmen traveled a total of 45,049 miles in the first nine months of this year to serve warrants for traffic violations.

They're Home Staters

. . . the folks who own and run these stores

Who are really the "proprietors" of your neighborhood Safeway store?

They're folks that you know. Not only the store managers and their clerks, but men and women, young and old in many different walks of life. They live right here in California.

You see, lots of folks here own Safeway stock . . . they actually helped set us up in business. And we Safeway grocers—with our big family of food experts—do our share in giving you fine foods at lower cost—serving you the best we know how.

That's a pretty fine kind of partnership, we think. A partnership that cuts out wasteful business methods . . . makes savings possible for everybody.

How YOU Can Save

Let your Safeway grocer show you how much he can save on your food bills every month. Try the plan of trading with him for 30 days. Keep track of what you spend. Then compare with previous months. It's a test well worth making.

BRUSH CREEK QUARTZ

It has been reported that the Brush Creek quartz mine southwest of Alleghany is to reopen for active work on November 10.

This mine was sold by the Alpha Stores, Ltd., of Grass Valley to Los Angeles interests in recent weeks.

The mine has a record as a hign producer and was operated by Santa Rosa capital for some time, with Ben Ballard as manager and superintendent.

ANCHO MINE

Mr. F. L. Cole of Carmel manager and director of the Ancho mine near Graniteville, is in Nevada City today enroute to the mine. He intends to take charge of mine operations throughout the winter months. There is two and a half feet of snow on the ridge above Graniteville, on the road to the mine. A tractor is to be taken to the property tomorrow with winter supplies. Drifting and mining continue with the mill treating and recovering good values. Mr. Cole, is a friend of Mr. E. C. Uren of Nevada City. He spent several years in China and Manchuria and is a mining engineer of wide experience.

CCC BOYS SAVE STATE MILLIONS

BERKELEY, Nov. 7.—"Ponderosa Way," which zig-zags through a thousand miles of forest, brush and waste land in California, the cleaning up of hundreds of fire traps in the wooded areas, the wholesale destruction of rodents and reclamation of vast eroded areas, are a few of the accomplishments of the Citizens Conservation Corps Camps in this state which have saved millions of dollars in the few years of their operation. Thus states Professor Arthur W. Sampson, associate professor of forestry in the University of California, who claims that the work of the camps has advanced forestry by ten years.

The well developed camp programs not only have saved the necessity for big appropriations from the county, state and national governments, but have convinced Professor Sampson that a serious forest fire could not be possible at this time, under ordinary circumstances. The building of "Ponderosa Way" alone, has opened the heart of many forests for the quick assembling of fire fighters and apparatus, while the well drilled and swift moving fire units of the camps has further reduced possibility of major conflagrations.

One notable feat of the camps was the control of the threatening erosion situation at Kennet, Shasta County, where tree, grass and vegetable growth had been destroyed by smelter fumes. The replanting of cut-over lands, the development of many new watering places for the stockmen, the clearing out and fencing of many springs and the setting out of hundreds of rain gauges had a definite effect in enhancing the economic value of the land, Professor Sampson said.

On the purely scientific side the camp experts are engaged in a study which will enable them to tell accurately how much water a tree uses in its normal growth, an essential factor in the development of water control.

According to Professor Sampson it would not have been possible to obtain appropriations from any source sufficient to cover the work that the CCC camps have done under their present set up.

Mr. Leland Smith and Mr. Belnap C. Goldsmith, of the local headquarters of the Tahoe National forest, left Wednesday morning to spend some time in Reno, and Carson City, Nevada. They were joined by Mr. M. M. Barnum of the Regional office in San Francisco. A survey is being made of land exchange and land use. They will be gone for several days.

THE GOLD PAN

(By KATHERINE BRAITHWAITE)

Ting, tong! Ting, tong, tong!
A piece of wire on a gold pan, to hang it against the wall;
An idle breeze to swing it, where the pine trees grow thick and tall.
No Chinese gong in a temple, nor a bronze bell in a tower;
But the rusty pan of a prospector, craving gold—and power.

Ting, tong! Ting, tong, tong!
A piece of wire, a square rusty nail, a crumbling peeled-log hut;
Is the staff for its mounful music, its tune a muddy rut.
The tin and iron of a gold pan, sing the melancholy song;
A sad, sad din on the cabin, for a miner long since gone.

Ting, tong! Ting, tong, tong!
A rocky gulch and bright red shirts, a sack for the cabin door;
Bright red blood on a barroom floor, and rough hands that clawed and tore;
Wet frozen feet in cowhide boots, and snow with a knife-edge crust;
A long hard drink of whiskey straight, and buckskin bags spilling dust.

Ting, tong! Ting, tong, tong!
A pine grove and a cabin, where on old gold pan plays its tune;
A pick, an axe, and a shovel, in the land where gold is strewn;
A dirge the gold pan murmurs, as the night winds through canyons bore;
And the gold pan tolls for the miner, and the days that are no more.

COUNTY TAXES FOR 1935

The taxes on all personal property secured by real property, and one-half of the taxes on all real property for the fiscal year beginning July 1st, 1935, and ending June 30th, 1936, will be due and payable on the first day of November, 1935, and will be delinquent on the fifth day of December, 1935, at five o'clock P. M., and unless paid prior thereto eight per cent will be added to the amount thereof and if said one-half be not paid before the twentieth day of April, 1936, at five o'clock P. M., an additional three per cent will be added thereto. The remaining one-half of the taxes on all real property will be payable on and after the twentieth day of January, 1936, and will be delinquent on the twentieth day of April, 1936, at five o'clock P. M., and unless paid prior thereto, three per cent will be added to the amount thereof, together with a further charge of fifty cents for each lot, piece or parcel of land separately assessed and for each assessment of personal property.

All taxes may be paid at the time the first installment, as herein provided, is due and payable.

Taxes are payable at the County Court House, Nevada City, California.

FRANK STEEL,
County Tax Collector, County Court xHouse, Nevada City, California.

SAN JUAN RIDGE

The North San Juan Improvement League gathered together last Saturday night and with their host of friends held a real old-fashioned house-warming for their new Twamley Memorial Hall. The splendid new roof is on, two big heating stoves installed and many other comforts have been added to make this hall the one best place in Nevada County to hold serious meetings or joyous good times and dances.

Hugo and Mrs. Hellgren, formerly of Los Angeles furnished the music for the housewarming Saturday night. These folks are a fine addition to North San Juan and it is hoped they will make their permanent home here.

The ladies of the League, under the supervision of Mrs. Celte Washburn, served pumpkin pies and coffee. Mr. George Harper ate one whole pie and Mr. Frank Miller modestly admitted he ran Mr. Harper a close second. Mrs. Ward Clarkson, Mrs. Albert Proom and Mrs. Joe Young were on the hospitality committee and exerted themselves toward providing everyone a good time.

With such tempting music on hand dancing was continued until a late hour. The League intends to continue with impromptu Saturday night dances and socials during the winter and all those that like a genuine old-fashioned good time are cordially invited.

NOTICE OF SALE OF BONDS OF NEVADA SCHOOL DISTRICT.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the Board of Supervisors of the County of Nevada, State of California, at the office of the Clerk of the Board of Supervisors of said County, County Courthouse, Nevada City, California, until 10:00 o'clock, A. M. on Monday, the 25th day of November, 1935, for the purchase of $72,000.00 principal amount of bonds of Nevada School District. Said bonds constitute the entire issue of bonds of said District, authorized at an election held in said District on October 10, 1935, at which election 719 votes were cast in favor of said bonds and 45 votes were cast against said bonds, and will be issued for the following purposes: the purchasing of school lots, the building or purchasing of school buildings, the making of alterations or additions to the school building or buildings, other than such as may be necessary for current maintenance and operation or repair, the repairing, restoring or re-building of any school building damaged, injured or destroyed by fire or other public calamity, the supplying of school buildings with furniture or necessary apparatus of a permanent nature, and the permanent improvement of the school grounds. Said authorized issue consists of 72 bonds, numbered consecutively from 1 to 72, both inclusive, all dated December 1, 1935, bearing interest at the rate of not to exceed five (5) per cent. per annum, payable annually for the first year and semi-annually thereafter on June 1st and December 1st of each year. Each of said bonds is of the denomination of $1000, and both principal and interest thereon are payable in lawful money of the United States at the office of the County Treasurer of Nevada County, Nevada City, California. Said bonds mature and are payable in consecutive numerical order from lower to higher, as follows: Two (2) bonds on December 1st in each of the years 1936 to 1942, both inclusive; three (3) bonds on December 1st in each of the years 1943 to 1956, both inclusive and four (4) bonds on December 1st, in each of the years 1957 to 1960, both inclusive.

Said bonds will be in coupon form but registerable as to both principal and interest. Bidders must specify the rate of interest which the bonds shall bear. Different rates of interest may be fixed for different maturities of said bonds, and it shall not be necessary that all bonds offered for sale bear the same rate of interest. The interest rate or rates stated in the bids must be in a multiple of one-quarter of one (.0025) per cent per annum, payable semi-annually (except the first year). The best bid will be determined by deducting from the total amount of interest which the District would be required to pay up to the maturity of the bonds at the coupon rate or rates specified in the bid, the amount of the premium, if any, bid therefor, and the award will be made on the basis of the lowest net interest cost to the District.

With each bid must be submitted a certified check or cashier's check in the sum of $5000, payable to the order of the County Treasurer of Nevada County, as a guarantee that the bidder will purchase and pay for said bonds in the event his bid is accepted. Bids will be received for all or any of said $72,000, principal amount of said bonds at not less than their par value and accrued interest as specified. All bids must be unconditional, and, together with bidder's check must be enclosed in a sealed envelope endorsed "Proposal for Nevada School District Bonds."

The Board of Supervisors hereby reserves the right to reject any and all bids.

The legal opinion of Messrs. Orrick, Palmer & Dahlquist, of San Francisco, California, approving the validity of said bonds will be furnished to the successful bidder without charge, together with a certified copy of the transcript of proceedings.

Said bonds will constitute valid and legally binding general obligations of said District, and all taxable property in said District subject to taxation by said District (except certain intangible personal property, which is taxable at limited rates) will be subject to an ad valorem tax for the payment of said bonds and the interest thereon, without limitation of rate or amount.

There is no controversy or litigation pending or threatening concerning the validity of the organization of said District, the validity of said bonds or the title of the officers of said District to their respective offices.

The assessed value of taxable property situate within said District, as shown by the last equalized assessment roll of said County of Nevada, is $1,779,905, and said District has no outstanding bonded indebtedness. Said District has existed as a school district continuosly since 1857.

Further information relative to the financial condition of the District will be furnished to any bidder upon request.

By order of the Board of Supervisors of the County of Nevada, State of California.

Dated: November 4, 1935.

(Seal of Board of Supervisors.)

R. N. McCORMACK,
County Clerk and ex-officio Clerk of the Board of Supervisors of Nevada County, California.

Nov. 8 and 15.

TOO LATE TO CLASSIFY

R. J. Beggren, Jeweler, whose store is on Commercial street, wishes to announce that he will be glad to call for delivery any piece of silverware, watch, jewelry, etc. until 5 p. m. for delivery, if a desire is made at the time of the call.

GRAVEL AREA OF 1600 ACRES SOLD IN SCOTT'S FLAT

According to reports reaching this office another important mining deal for this district took place in the last few days when the Interstate Land company gravel property of 1600 acres at Scotts Flat was optioned to Mr. Marshal of Philadelphia. It is located east of Nevada City near Scotts Flat dam. Richard R Roy, local representative of Los Angeles, is prospecting the property for drag line operations. The Gould property at Dutch Flat has also been taken over by the same interests and is being prospected. It is also stated that Mr. Richard R. Roy purchased the John Cooper property of 77 acres near Lake Vera, north of Nevada City.

LOCAL HAPPENINGS

Fred Searls, vice president of the Newmont Mining Company, left Nevada City several days ago for London, England, on business for his company. He was expected to land today.

L. F. Utter and wife, of the Arctic Mining company were in Nevada City Sunday on their way back from the state of Washington. They left for Los Angeles during the afternoon. The Arctic mine is north of Nevada City and has a good past production record.

Mr. J. Rude, who purchased a piece of ground from Mr. and Mrs. James Dornum on upper Boulder street, resumed work Thursday on a house he is building. It is understood it is to be one of a series of houses to rent. Mr. Rude has spent several days in Grass Valley doing some remodeling work at Swansons and the California Inn.

Richard L. P. Bigelow, of the Nevada City Chamber of Commerce and chairman of the Conservation Committee of the Sacramento Region will attend the annual meeting of the State Chamber of Commerce to be held at the Biltmore Hotel, Los Angeles, on November 7 and 8.

Sheriff Carl J. Tobiassen left on Tuesday for Los Angeles where he is appearing as a witness in the trial of George Knack, who allegedly committed robbery at the Gables south of Nevada City several weeks ago.

Mr. T. J. Burke, of Auburn was a Nevada City visitor yesterday. Mr. Burke, P. G. & E. official working out of the land department office of San Francisco is securing rights of way from the city of Nevada and private parties so that the company may build a pole line to the city reservoir on Sugar Loaf mountain north of Nevada City.

Mrs. Harry Jacobs came up from Los Angeles Wednesday and is to spend some time visiting with Mr. and Mrs. George Brailey of this city.

Deputy Sheriff Carl T. Larsen returned Monday evening from the Klamath river country with the limit of five steel head trout, that ranged from eight to thirteen pounds in weight.

MARRIAGE LICENSES

GREEN-WALES—In Nevada City, Nevada County, November 5, 1935, to Fernly B. Green, 29, and Grace Winifred Wales, 20, both of Grass Valley, Nevada County.

(Continued from Page One)

GOVERNOR WILL PLUG LEAKS

tomobiles are being purchased by the various departments. Under the new system several employees will be deprived of the use of automobiles, and these cars will be reassigned where new equipment has been requested. In this manner California taxpayers will benefit in annual savings of hundreds of thousands of dollars.

CHAMBER OF COMMERCE WILL MEET NOV. 12

The Nevada City Chamber of Commerce will hold its regular meeting next Tuesday evening, November 12 in the Chamber of Commerce rooms.

Enjoy carefree heating with the new HEAT-DIRECTOR!

SUPERFEX oil burning HEATERS

IF WINTER usually means months of stoking and ash-hauling for you, investigate the Superfex Heat-Director! Connected to a flue like an ordinary stove, it burns inexpensive fuel oil and directs the heat where you want it.

No moving mechanism. No drafts to regulate. To direct the heat, just open the patented heat-projectors on one, two or three sides of the heater. All Superfex Heater models are listed as standard by the Fire Underwriters. Terms to suit your convenience. A product of Perfection Stove Co.

Cross section of Superfex Heat-Director above, shows how it works. Oil flows through copper pipe from removable reservoir to burner bowl in which constant level is automatically maintained. Fire is lighted through opening in front with no more kindling than a piece of paper. Constant control of heat by means of simple dial at rear.

"If the people who use our cars every day are not praising them, it matters little what we may say. The last word *must be spoken by the car itself.*"

[FROM AN ADVERTISEMENT SIGNED BY HENRY FORD IN JULY, 1933]

AGAIN, A NEW AND MORE BEAUTIFUL FORD V-8 *Speaks for Itself*

MORE than *two million* Ford V-8's, in America alone, are now in the hands of drivers. These owners have heard, from the car itself, a clear story of motoring value and pleasure that far outstrips all previous achievements in low priced cars.

Now, the 1936 Ford V-8 speaks for itself . . . new beauty of line; new, brighter colors; easier steering and gear-shifting; super-safety brakes. We urge you to get this car's story from the *driver's* seat—to know *at first hand* its V-8 performance—its luxury-car comfort and roominess.

Let the last word about the 1936 Ford V-8 "be spoken by the car itself." Make arrangements today through:—
